The price paid was two hundred dollars, being purchased of Mr. H. S. Ames, by whom the colt was raised. Both of our hose companies now own their own horses, and when they shall have been thoroughly broke to fire duty, we shall expect to see some lively work when called upon to respond to fire alarms.

A bonafide repast was provided to which all partook to their satisfaction. The occasion will long be remembered by the participants as one of the most happy of the season.

Messrs. Stearns & Baker have displayed in the windows of their drugstore on West Milwaukee street, a collection of Indian relics, brought home by Mr. F. S. Winslow, from Pierre, Dakota.

Mr. Winslow procured them from Sitting Bull's tribe, while at Fort Pierre. The collection consists of a large game bag, ornamented with beads of different colors; a unique clay pipe; two ugly looking knives—one of which was used as a scalping knife, and is said to have been used in raising the scalps of nine whites; a war club, about two and a half feet long, with a heavy, smooth, egg-shaped stone attached to the lower end. The club is covered with raw-hide, the handle covered by strips of buffalo hide. These specimens are valuable, as they were procured from genuine savage Indians, as they came into the fort.

Condition of Hon. S. J. Todd.

Yesterday afternoon about three o'clock while attending the circuit court, in the case of the Burgess Steel and Iron company vs. the Harris Manufacturing company, Hon. S. J. Todd, of Beloit, was taken suddenly with apoplexy, which resulted in partial paralysis, the unfortunate victim losing the power of speech. He was taken to Dr. Henry Palmer's office, and upon receiving kind treatment it was thought best to take him to his Beloit home. On the way to the depot, his attendants became alarmed, and returned with the patient to the Myers house, and sent word to Mrs. Todd, of her husband's condition. Mrs. Todd, her son and daughter arrived on the 8:40 train from Beloit, in company with Mayor Malone. Mr. Todd at times during the night was thought to be in a very critical condition. This morning he appeared to be somewhat easier, seeming to understand what was going on around him, and was able to articulate such words as "yes," and "no." His physician reports him in about the same condition at three o'clock this afternoon, only that he is restless, and wants to get up. Mr. Todd's family remain with him at the Myers house, and his many friends in southern Wisconsin will extend their heartfelt sympathy to him, and offer fervent prayers for his complete recovery.

Skavlem Heard From.

The many friends of ex-Sheriff Skavlem, who is now in Mayville, Dakota, dealing in horses, were somewhat startled this morning when the following "postal" was read to them. They at once concluded that something must be ailing him. The card read thus:

"When the shining orb of day that warms the hair-lifting Sioux—that re-animates the toads, lizards, snakes and other creeping ornaments of the Goose valley mud flats,—veils its shining face in the curling wreaths of the burning wargrass and ancient buffalo chips, or sinks to rest behind the sand hills known in the flowery vernacular of the Dakotas as the 'Turtle mountains'; when darkness, like a pall, covers the bleaching bones of the buffalo and jack rabbit alike; when the gentle zephyrs of the Manitoba wave break the chirping batrachia and the song of the Dakota warbler is hushed—then doeth my heart yearn for a 'sparrow'—as the heart for the flowing spring—So mote it be.

Lovingly yours, etc."

The members of the Lime Kiln club present at the reading of the above interpreted that the ex-sheriff desired a smoke and accordingly they indulged in one of Brownell's best "sparrow" brand, ordering the expense but down to the account of the absent member.

The Weather.

REPORTED BY HENRY C. EVANS, DRUGGIST.

At seven o'clock this morning, the thermometer registered 43 degrees above zero. Clear with a north wind. At one p. m. the register was at 53 degrees above zero. Clear, wind northwest. For the corresponding hours one year ago the register was 43 and 45 degrees above zero.

—The Rev. Olin A. Curtis and wife arrived from Chicago this afternoon. Mrs. Curtis has been much improved in health though much fatigued by the journey from Atlanta. The loss of her baggage on the trip was caused by the explosion of a gasoline lamp in the car while it was in motion and which consumed the car and all its contents. The company will shortly settle for all losses caused by the fire.

Testimony from the Press.

To those afflicted with lung trouble, hear what W. D. Wilson, of the Ottawa (Ill.) Times says: "After being disabled for three months with a cough, and lung trouble, often spitting up blood, can testify that I am cured permanently by the use of Dr. Ligelow's Positive Cure." A free trial bottle can be had at Stearns & Baker's drug store.

The Competitive Examination.

By Telephone to the Gazette.

BELOIT, May 12.—The board to conduct the competitive examination of candidates for nomination to West Point, met here yesterday afternoon in the council chamber, and consisted of Professor H. G. Winslow, of Racine, O. H. Fetters, of Janesville, and Dr. H. P. Strong, of this city. There were five candidates to compete for the nomination.

C. N. Seeler, of Waterloo, Jefferson county.

H. K. Curtis, of Hebron, Jefferson county.

W. A. Kullaus, of Delavan.

Morgan Bushnell, of Beloit.

W. C. Holburn, of Racine.

The examination closed at half past ten o'clock last night. The highest standing was made by Morgan Bushnell, of this city, who will be nominated by Congress man Winslow, in accordance with the request of the war department. The following is the record of three candidates:

Morgan Bushnell, 95%.

H. K. Curtis, 92%.

W. C. Holburn, 92%.

The standing of the other two was so low that no record was made of it.

The Philadelpia Druggstore.

We take pleasure in calling the attention of the readers of the Gazette to the old Philadelphia druggstore, Messrs. Stearns & Baker, proprietors. Their store is centrally located, being on the corner of West Milwaukee and Franklin streets and is filled with a large and well selected stock of goods in their line of trade. By a system of fair dealing and reasonable profits, they have developed a large trade in this city and Rock county. Mr. H. C. Stearns, the senior member of the firm, has been identified with the drug business all his life, and during the past nine years has been in the business in Janesville. He thoroughly understands the trade in all its departments. Mr. Joseph P. Baker, the junior member, commenced in the business in the spring of 1867, with Dr. Andrew Palmer, with whom he remained until he thoroughly understood the drug trade. In fact Mr. Baker has been in this business ever since he was a very small boy. Both understanding their business, they know best how to select a first class stock of goods for their own trade, and when we say that they have in store a large assortment of the best drugs, poisons, oils, and goods generally found in a first class store of this kind, we assure you speak of facts. They know how to do business, and we are pleased to state that they are enjoying a first class trade.

More Embezzlement.

New York, May 12.—Andrew J. Smith, president of the Manhattan Fire Insurance company, has been arrested and held to bail in the sum of \$5,000, charged with perjury in swearing to false returns in the annual report of the company for 1880 to the New York insurance department. Insurance Superintendent Richard A. Smith has advised that the unpaid losses of the company are at least \$119,000, whereas the report says only \$43,780; and that other liabilities aggregate \$23,000, while the report states only \$10,000. A statement of the number of pints at work and the price paid.

Coal Miners' Convention.

PITTSBURGH, Pa., May 12.—The coal miners are making active preparations for the coming inter-state convention next week. The Rev. Olin A. Curtis and wife arrived from Chicago this afternoon. Mrs. Curtis has been much improved in health though much fatigued by the journey from Atlanta. The loss of her baggage on the trip was caused by the explosion of a gasoline lamp in the car while it was in motion and which consumed the car and all its contents. The company will shortly settle for all losses caused by the fire.

Guilty of Murder.

LITTLE ROCK, Ark., May 12.—At Clarksville, last night, the jury in the case of the Johnson brothers, the train robbers who murdered Conductor Cain at Mulberry Station, returned a verdict of guilty of murder in the first degree. Three have already been convicted, and McDonald, the remaining robber, is now on trial.

Old papers for sale at the Gazette counting room.

Illinois Legislature.

SPRINGFIELD, May 12.—In the senate yesterday the judiciary committee reported unfavorably the bill to license express companies. A minority report favorable to the bill was presented and adopted. DuRoi gave notice of a motion to reconsider.

The committee bill providing punishment for keepers of gaming-rooms was advanced to a third reading.

Mr. Mamer's bill to divide Cook county into fifteen commissioners' districts was advanced to a third reading.

Mr. Snyder's bill providing for drainage districts was passed.

The house bill to authorize county judges to perform probate duties was ordered to a third reading.

Mr. Shanway's bill to provide that stock at the stock yards should receive all food that is charged to owners was passed.

Mr. Merritt's bill to extend the time for the issue of bonds to bid railroad building was killed.

The house bill providing that beneficiary societies be not deemed insurance companies was passed.

Adjourned to Monday afternoon.

In the house, the debate of the bill license bill was resumed, the question being on Morrison's amendment, making beer license \$150, beer and wine license \$250 and whiskey and beer license \$500. This proposition was rejected, and that portion making beer and wine \$250 was lost. Debate followed, a great many speeches being made.

The indication was that if the question comes to a fair vote, Willoughby's (Democrat) proposition to fix beer-saloon license at \$250 and whiskey-saloon license at \$500 will finally pass.

The license question shows the all-absorbing topic of thought and discussion, and until it shall be disposed of nothing else will be accomplished in the house.

Chicago justices and the peace are still "hung up" in the senate, and the Republicans see no necessity for haste in the matter. Their confirmation depends entirely upon a vote of the Democratic members of the house with reference to important legislation.

Wasson, the Defaulter.

Bingham, of Ohio, at present United States minister to Japan.

Locked Out.

ROCHESTER, N. Y., May 12.—A lock-out occurred at W. G. Kimball & Co.'s cigar factory yesterday. 70 female employees being refused work. The firm refused to advance the 25 per cent. demanded, and, fearing a strike, refused to give the employees work when they arrived at the factory yesterday morning.
